

Belderbos Landscapes

ENVIRONMENTAL POLICY

Belderbos Landscapes is committed to minimizing the impact of its activities on the environment.

The key points are to:

- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Actively promote recycling both internally and amongst its customers and suppliers.
- Source and promote a product range to minimise the environmental impact of both production and distribution.
- Encourage the use of water storage and composting.
- Promote the use of more garden space dedicated to vegetable growing and increased self-sufficiency.
- Use British or locally sourced products, wherever possible.
- Use timber products made from forests certified by Forest Stewardship Council, wherever possible.

Belderbos Landscapes:

- Accepts responsibility for the harmful effects its operations have on both the local and global environment and it is committed to reducing them.
- Measures its impact on the environment and sets targets for on-going improvement.
- Will comply with all relevant environmental legislation.
- Endeavours to educate its staff and raise awareness of the environmental issues, enlisting their support in improving the Company's performance.
- Encourages the adoption of similar principles by its suppliers.
